

M.A. FARMS

.....

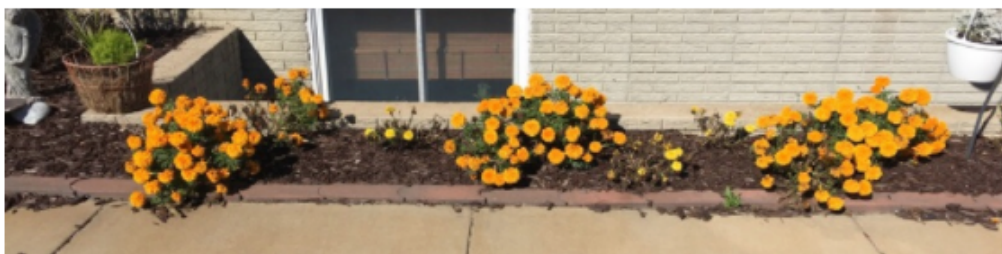

HEDGE NATURAL DEFENSE PLANT PROTECTANT

Overview:

M.A. operates a large-scale farm specializing in corn & soybean production. As a hobby, M.A. grows many varieties of ornamental flowers around the homestead. A small yet impressive trial was conducted, outlined as follows:

- Planted 11 “ANTIQUE YELLOW” and 12 “ORANGE” marigolds
- Identical brands, variety, planting date and watering schedule
- Package lists typical growth at 10”-12” W and 10”-12” H
- Orange Marigolds treated with Hedge Defense Plant Protectant once weekly for six weeks during
- Yellow Marigolds untreated

Y DEAD	O 11X17 21BL	Y 9X10 4BL	O 12X9 36BL	Y 6X9 6BL	O 8X14 41BL	Y 9X9 5BL	O 12X18 33BL	Y 8X11 15BL	O 12X16 44 BL	Y 8X9 8BL	O 12X20 48BL
O 11X18 46 BL	Y DEAD	O 9X13 20BL	Y 6X9 6BL	O 12X22 31BL	Y DEAD	O 11X15 35BL	Y 8X13 11BL	O 12X16 42BL	Y DEAD	O 9X20 44BL
